## Thieves Ransack Homes

Arlington police this week were seeking clues in an attempt to solve several breaks in which jewelry, money and other items were taken and an alleged armed robbery in an East Arlington restaurant.

According to Arlington police the restaurant owner at 210A Mass. ave., alleges that he was held up and robbed of some \$700 in weekend receipts in the hall of his restaurant shortly after going into the building Tuesday morning.

Acting Police Chief Fred Lucarelli told this paper that the restaurant owner alleges that two masked men, armed with revolvers, held him up as he was going from one section of his place of business to another section.

Also under investigation by police is a Jan. 13 break at the Ricatta home, 20 Irving st.

According to police reports, some \$3,350 in assorted jewelry was taken in this

## That Community Spirit

Where have we lost it—that important commodity—pride in our community?

The answer could be, we haven't. The community can point to many fine achievements which groups of one type and another have undertaken with great accomplishment over the year—and we salute them.

This paper has been and will continue to be the first to assist and praise them for what they have done and will no doubt continue to do along this line.

However, it sometimes seems that somewhere along the way over the years of change, the spirit of pride in the historical background of Arlington has become more and more stagnant.

From time to time, groups install new life into activities which would help put the town "on the map" so to speak.

One such group is the Historical Committee which has worked with vigor over the past few years to get the "Uncle Sam" movement "off the ground," to mark the historical sites of the community and to spread the word of Arlington's place in history throughout the area and the country.

Unfortunately, the going has been slow, and the assistance in general, little and far between.

### WOULD HAVE MADE HAY

Not too long ago, last September to be exact, the celebration of the birthday of Uncle Sam came around in Arlington.

Other communities, like Concord and Lexington, and no doubt Gettysburg, with their historical background, would quickly have made hay "while the sun shines" in promoting such a day to the limit.

But not so Arlington. A small get-together was held, a plaque installed and speeches made by local and state officials.

The activities were appropriate and well handled, but unfortunately not near as great as the occasion deserved.

The talk of constructing an "Uncle Sam" statue in memory of this "man of our nation" has been going on for two years.

This event in September was the ideal spot for a kickoff for funds to be used for such construction.

But what has happened—the proposal for such a statue is no further along than it was a year ago today.

And since that same time, unfortunately again, (and it is known that the word is possibly being over-worked) two of the men who have worked very hard and very well on the Historical Committee during the past few years have had to resign from this committee.

### FACING ANOTHER EVENT

All this background is brought before the readers of the Advocate, because this year once again Arlington is facing a historical event.

—And what is being done about it...

To this point—nothing. Is it all to be left up to the Historical Committee as was the Uncle Sam project or will some residents "pitch in" and help.

One hundred years ago this year, the name of the little community encircling the banks of Mill Brook was West Cambridge.

At that time, the town has grown and prospered and achieved its degree of fame under this name. Now 100 years later we have an anniversary.

Two years ago at Town Meeting a request to set up a committee to study the possibility of a celebration in honor of this event was suggested, but turned down.

Unofficially, it is understood that June 17 could be the day that an appropriate celebration could be held in memory of this change of name.

But here we are beyond mid-January and nary a whisper or a whimper of such an event being planned throughout the year.

Are we to wait until two days before such an event could take place, and then say, let's have the Selectmen issue a proclamation, and that'll take care of the matter—there is not time otherwise.

If we feel this way, what more can or should be said except "for shame—for shame".

## 107 Town Meeting Vacancies

According to information released this week by Town Clerk Ann Powers there are 107 town meeting vacancies to be filled at the coming Annual Town Election to be held on Saturday, March 4.

Of this number, 69 are for the usual three-year vacancies resulting from the expiration of the terms of town meeting members. In addition, there are 5 vacancies for one and two-year unexpired terms of town meeting members who have resigned, moved, passed away, etc.

The remaining 33 vacancies are due to the expiration of the terms of all the town meeting members in Precincts 7 and 9 because of a revision in the number of town meeting members as a result of a change in the precinct boundaries.

Saturday, Jan. 21, at 5 p.m. is the final date and hour for town meeting members whose terms are expiring and who wish to become candidates for re-election to file written request with the Town Clerk.

The office of the Town Clerk will be open all that day for the purpose of receiving such notices and also to issue and receive nomination papers.

No nomination papers will be issued after Jan. 26, and they may be obtained only by candidates or persons presenting signed authorizations of such candidates to secure such papers.

Saturday, Jan. 28 at 5:00 p.m. is the final date and hour for filing nomination papers for all town offices, including town meeting members, with the Registrars of Voters for the certification of signatures. The Town Clerk's Office will be open all that day, also.

### To the Editor

Dear Editor:

As a member and chairman of the Arlington Historical Committee from its inception and until January 13, 1967, I can state that we have been repeatedly heartened by this paper's support.

That our town, state, and country should know better and appreciate Arlington's unique contributions to our national heritage has been the sole goal of the Committee.

Though the goal has not been achieved to our full satisfaction, the Committee realizes that what has been done has been accepted with appreciation by those who have an affection for and pride in our town.

For your understanding and help in bringing the Committee's goals and efforts to the attention of the community we say, "Thank You!"

Sincerely yours,

Carl A. Johnson

# COLLINS CORNER

As one watched the intermission activities at the "Super Bowl" last Sunday they saw about 4,000 pigeons released and they flew out of the stadium and headed east where the weather has been beautiful, and the writer firmly believes that an entire team of them finally came to roost on the roof of his home, and apparently taken up residence there.

Maybe it's a sign of an early spring, but whatever it is they have taken over, and the last two nights the dear little darlings have cooed and cooed all night long. Too bad they didn't wait and go back with the Green Bay Packers where the weather is far from balmy at this time of year.

And speaking of balmy weather, Arlington has not always been so mild, and many a reader will remember the great sport at Spy Pond, that of watching the cutting of ice. There were three large ice houses at the pond, one at the foot of Linwood st., another at the end of Pond lane, just opposite where the Boys' Club is now located, and the third one was over near where St. Jerome's church stands on Lake st.

About every kid in town visited the pond during the cutting season, and it was very fascinating and interesting to watch. They would mark the ice in large blocks, and then saw them into smaller cakes, and they in turn would be pulled by men with long poles down a canal and onto the escalators that rode them up to the Houses where they were packed away for the time when the ice teams would drive all over town selling the product to all homes.

Every home had an Ice Card which was placed in the front window, and the driver would cut up a piece and place it in your ice-chest. Ice cutting would move fast once underway so a thaw or storm wouldn't stop production, and many men were hired to assist in this work. They were paid by check nightly, and the place to cash them was in Boston, but the Merchants of the town would accommodate these workers; and at the same time sell a bill of goods, so all benefited.

Two of these houses eventually burned down, and one of the most spectacular fires was in April 1930 when the Cambridge Ice House on Linwood caught fire. It was not in use at the time but it took off, and for a while it looked like the whole town would be engulfed, but luckily the wind shifted to the water side and a great sigh of relief came over all citizens. Embers flew almost up to Arlington Heights, and many homes in that section of the town caught fire, and automobile tops were burned.

Fortunately no one was seriously injured but an amusing case came out of this blaze that caused a well known public official to go around with a red face for many months, and he was forever hearing about it from his 'friends'. It seems a short time before this fire started he had taken a ride about town criticizing the lack of beauty in some parts, and after a ride around Spy Pond wrote 'I do not consider Ice Houses to be objects of beauty, and like many other persons in our town I should be very glad to have the shores of Spy Pond rid of them.'

Many a person has been found guilty of circumstantial evidence less incriminating than this statement, that was made by this fine gentleman who really was embarrassed.

Sitting with some friends one evening at a social gathering a man kept butting in on the group, and finally one fellow said 'why don't you drop dead'. Well, the next day he did just that. So there must be some kind of a lesson to be learned from the two statements above. Calvin Coolidge once remarked that no one was ever quoted by what they didn't say.

Belaboring a point—yes boss—but just one more "swing around" with the dog leash law.

MAT was handed a clipping from a metropolitan paper explaining that Watertown was about to "come to grips" with the leash law.

(The boss just said that maybe that should be changed to "come to grips".)

It was just a year ago that the letters started to pour into the MAT column and the Advocate for and against a similar proposal in Arlington.

The problem is still with us, even though Town Meeting and the "people" by referendum approved.

We don't have a "dog wagon" yet, although one is coming and the dog-pound, (MAT hears) is being constructed. But the problem is not completely solved here.

Anyway, Watertown will have an article on the Town Warrant, and the proposal will be patented on the one passed by Menotomy last year.

"Lots of Luck."

Aren't you surprised by the lack of candidates in the School Committee campaign—two incumbents and one newcomer.

Is Tom Kenna going to run?

This local attorney made a good showing in his "try" a year ago, and could probably make the "grade" this time around.

Incumbents May Porteus and Carl Allen should have no trouble winning re-election.

Al Woodin could cause a stir.

Apparently incumbent Charlie Brennecke will not seek re-election—but no announcement has been received by this paper—either yes or no.

**'Big Doings' at Stratton PTA**

With the fresh start of a New Year, comes a renewed burst of activities planned for the Stratton P.T.A.

In the immediate future, on Jan. 19 will be a regular P.T.A. meeting, with guest speaker, Dr. Daniel Wolf, School Adjustment Counselor of Arlington Public Schools, discussing the "Emotional Development of the Child". This topic was chosen because of its popular request by parents when the P.T.A. program was being formulated.

Mr. Wolf has had extensive background experience in his field, and the evening should prove to be lively, informative and pertinent. Questions will also be answered by Mr. Wolf. Prize for the room having the largest number of

parents attending the P.T.A. meeting will be given.

On Feb. 1, the annual anticipated skating party will be held at M.D.C. rink, Rt. 2, Feb. 25, will be the presentation at the High School by the Emerson Strolling Players of "The Wizard of Oz".

School pictures are planned for March 2 and 3.

Also tentative plans are being made for a Spring fashion show.

The Board members also toured the newly completed classroom section of the Stratton School, which now, for the first time in four years, houses all of the Stratton School children under one roof.

**Next Friends Of Drama Production to Be Special**

Not often is such a distinguished group of performers gathered to produce a gentle mid-winter comedy. But for this reason, the next performance of the Arlington Friends of the Drama promises to be something very special.

One of the most distinguished of the group is the Director of "The Irregular Verb To Love," which will be presented Feb. 8, 9, 10, 11, Raye Bush.

It would be hard to find anyone with more experience

—Assisting with plans for the Middlesex Dental Assistants Society lecture, Jan. 24, at the Parmenter House, Waltham, is Miss Marion Dee of Arlington.

REFRIGERATOR BELTS - for all makes: MILLER & SEDDON, 1075 Mass. Ave. 868-3051

in more areas of the theater than Mrs. Bush. An actress herself, as well as a talented director, she has appeared often at the Loeb Drama Center, having just received rave notices from the Boston critics for her performance in one of their recent productions.

As well as directing stage plays, Mrs. Bush has directed for radio and television, she has acted in radio performances, has written and directed a prize-winning play, and was very active in several productions of the Poet's Theater.

**Technical Man**

Just when you think that Mrs. Bush covers every facet of theater except for the purely technical side, you learn that she can cover that too. Her husband, Fred Bush, while also an actor, is an excellent technical man.

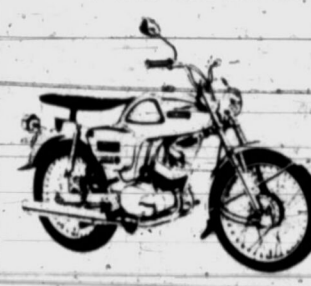

He has been Stage Manager and Technical Director at

the Loeb Theater, has stage managed several of the Arlington Friends' plays, and served on the Board of the Poet's Theater. And he will be Stage Manager for "The Irregular Verb To Love."

The play is being produced by Doris Bryant, who has just completed a very successful performance in

Winchester with the Parish Players, and who has been on the Board of Directors of the Arlington Friends of the Drama, and contributed is countless ways to many of their productions.

Ticket information on "The Irregular Verb To Love" is available at the Shoppe Unique and the Park Florist.

# Burnsmen Bomb Medford 9-1

Coach Eddie Burns' team defeated Medford 9-1 in the game that was postponed because of the Florida trip. Medford was the team that was supposed to give Arlington its hardest test of the season but Bob Havern's fine backhand shot early in the first period put Arlington out front to stay. His linemates Steve Donnelly and John Allessandroni had assists on this the only goal of the first period.

The Arlington forwards went on a scoring rampage in the second period, tallying five goals.

Sullivan scored the first goal in this period with Bill Corkery and Glen Hale getting assists. John Byrne passed to Steve Donnelly who fed Bob Havern a leading pass and Bob had his second goal of the game.

Sullivan scored his second goal with Tim Russell and Brian Corkery getting the assists.

Sullivan's next goal, his third of the night, came on a pass from Glen Hale.

Bob Havern scored the fifth goal of the period, his third of the night with John Byrne getting the assist just

before the period ended. As the second period ended the undefeated Burnsmen held a 6-0 lead.

Arlington scored three more goals in the final period. Bob Havern scored for the fourth time with Steve Donnelly getting the assist. Hale scored goal number eight, Sullivan getting his first assist and John Byrne getting his second.

Late in the third period Coach Burns replaced goalie Mark Driscoll with junior John McKenzie.

Ken Stevens and Billy Catto combined to give Medford its only score at the 8:20 mark.

John Byrne had his third assist of the night when the big defenseman rushed from deep in his own zone to the Medford blue line where he passed to Bernie Quinlan who fed Billy Corkery right in front of the Medford goalie and Billy scored.

This was goal number nine and the final goal of the game. Arlington's record is now 6-0.

# Viet Nam Hero Norwich Speaker - - -

A recent graduate of Norwich University who has just returned from South Vietnam spoke to interested senior cadets at the university.

1/Lt. Francis X. Brennan, USA, of Arlington, who was graduated from Norwich in 1966, and was a hockey star for the university, told the cadets of his experiences with the "Lightning 25th Infantry" in the central highlands of Vietnam.

"Everything they teach you here at the nation's oldest private military college you

will put to use in the Army," the 1964 graduate told the cadets. "You learn in combat situation that an officer can't be afraid to make decisions." Lieutenant Brennan praised U. S. air power and artillery as having a great effect on the rise of surrenders among North Vietnamese regulars in the central highlands. He also reported that American bombings of North Vietnamese industrial targets are slowing down supply lines to the troops in the south.

"This is a war for men's minds," he pointed out, "and not a war for land. I feel the war will go on for at least five years since much needs to be done before a true democratic government can be established in South Vietnam."

Lieutenant Brennan praised the grassroots programs currently underway in South Vietnam as a big step toward this goal. He added that the South Vietnamese Civilian Irregular Defense troops are having a good effect in bringing peace to the villages so that pacification programs can be established.

Lt. Brennan was recommended and received consideration for the United States Medal of Honor based on his heroic actions in August 1966 in the Ia Drang Valley in which he took command of a trapped patrol after the commanding officer was killed. He will receive the Silver Star for his actions in ceremonies at Fort Hood, Tex., his next assignment. He has already

received three Bronze stars for his work in Vietnam.

His reconnaissance platoon had one of the finest combat records in the 25th Division and has been recommended for the small unit citation for valor. Lieutenant Brennan reports that there are 14 Bronze Stars in the platoon.

"I think the morale of our troops in Vietnam is very admirable," he added. "There has been little effect on the troops by war protests in the United States. If our troops ever wonder why they are in Vietnam, all they have to do is to look around them and they see the answer."

Lt. Brennan said that during his tour of duty in South Vietnam he decided to make a career out of the Army. He is due for promotion to captain sometime in the spring.

The fourth round of the Pee Wee-Bantam Hockey program sponsored by the Park and Recreation Department saw the Rangers continue their winning streak at the expense of the Maroons, as they racked up six goals in a one-sided game.

Jackie Hurd opened the scoring on an early game breakaway as he pulled goalie Frann Argustino and drilled in the first of his three goals.

Teammate Curt Brown also notched three goals for the Rangers and Richie Evans and Carl Fiore chipped in with assists.

The Norberg brothers turned in strong defensive games for the Rangers who stretched their league lead.

Playing a hustling game for the scrappy Maroons were Jay Mulcahy, Tom Binkowski and Tony Hirsch.

By virtue of a 3 to 1 victory over the Canadiens, the Red Wings carded their third victory of the season and set-up a rematch of an earlier season loss to the front-running Rangers.

Steve Pompey scored the first Red Wing goal on an assist by Larry Prior at the fifteen minute mark.

Five minutes later Paul Messuri converted Bill Murphy's pass to tie the score for the Canadiens. Mark Wanamaker dissolved the tie, less than a minute later, as he poked in a nice pass from Mike McPherson to give the

Red Wings the edge. Steve Pompey set up Larry Prior on a neat pass for the final score of the game. Dan Linehan and Tom Ogden were outstanding on defense for the Red Wings. Playing strong games for the Canadiens were Ken Duffy, Bob McCabe, and Mike Kane who were denied goals by the fine net-minding of Richie Amico.

## Bruins Roll On

In Pee Wee action, the Bruins continued undefeated with a 3-1 decision over the Maple Leafs.

Joe Jordan scored for the Leafs after only a minute of action and after Dan Shine tied it up for the Bruins on an unassisted goal, the two clubs were stale-mated for a long stretch.

Fred Eromin tied Shine a pass from the corner and the big Bruin forward rammed the puck into the net.

Jeff Corbett, who was robbed of a goal by goalie Ron Crescentini, wrapped up the scoring as he scored after a rink length solo dash.

The undermanned Leafs showed marked improvement as they were paced by Mike Shea, Joe Jordan, and Mike Fallon. Playing well for the Bruins were Jay Driscoll and Fran Coughlin.

The Rockets bounced back from their loss last week and pinned a 2-1 defeat on the Black Hawks. Jackie Kiniry took Martin Pelley's pass and beat Ron DePari on a hard drive for the first goal for the Rockets.

Larry Pope's fine pass to Brian Egan resulted in the winning Rocket score at the 25 minute mark. Steve Gould scores for the Hawks on a pass from Paul Coleman to narrow the margin to 2-1 and Paul Coleman narrowly missed tying the score as he was fouled on a clean break-away.

## Approved For Extended Care ---

The Wellington Nursing Home has been approved as an extended-care facility by the U.S. Department of Health, Education and Welfare. This means that the Wellington is the first nursing home in Arlington to provide its patients with benefits under the Government's Medicare program.

Essentially, Medicare pays the full cost of patient care in an extended care facility for the first 20 days after hospitalization. From the 21st to the 100th day, Medicare pays for all but \$500 per day, which must be paid either by the patient or by one of the Medicare extension plans such as MEDEX II or III.

**Features New Wing**  
The Wellington Nursing Home is already rated among the finest nursing facilities in the metropolitan Boston area by the Rate Setting Board of the Mass. Department of Public Health. The home features a new 24-bed wing with both private and semi-private rooms.

Intercoms and emergency call units are installed in every room. The Wellington's professional staff includes social workers, a physical therapist, an occupational therapist and a dietitian.

A registered nurse is on duty around the clock, 24 hours a day.

The Wellington Nursing Home is at 8 Wellington st. directly across from Arlington's only fully staffed and fully-equipped medical building.

## Chamber of Commerce Starts Membership Drive

The Arlington Chamber of Commerce will start a drive for new members to celebrate the 100th Anniversary of the incorporation of Arlington as a town 1867-1967.

The progress in 1967 theme will mean a larger Chamber of Commerce and greater efforts to bring to the attention of Arlington residents the value of trading at home.

The businessmen of Arlington will plan to create special sales throughout the year.

Paul McGuire, President of the Arlington Chamber of Commerce said, "Now, more than ever before in the history of Arlington, it is important to have a large, working Chamber of Commerce and the supporting interest of Arlington residents. All Cities and Towns are now in the process of trying to keep their image in the face of many changes. A strong Chamber of Commerce can do much to keep Arlington in the

forefront as one of the finest Towns in the U.S." The "Progress in 1967" campaign will also include the start of a "Trade in Arlington" promotion that will point up how a percentage of any dollar spent in Arlington comes back to local residents in many ways.

The aim, for this year is to double the membership, and make the Arlington Chamber one of the most active in the State. Further information may be had by calling the Arlington Chamber of Commerce office at 643-4600.

**Insurance Company Taxes**  
NEW YORK—Insurance companies in the United States paid nearly \$743 million in premium taxes to 50 states in 1965. Companies which sell property and liability insurance paid about 44 per cent of this amount, according to the Insurance Information Institute.

## Discuss Housing

The possibility of Arlington participating in the Federal Housing Program was discussed by the Selectmen and Town Manager Marquis, Monday night.

The matter was brought up after the Board heard a letter from Dr. Herbert Meyer suggesting that the Federal Housing program be explored.

Board members emphasized that the utilization of the Federal program would probably mean a wait of three or four years or longer, before any construction could begin.

Members also explained that Town Manager Marquis was already looking into the matter of a "Workable Program for Arlington."

## Many Will Continue School

Several hundred New England children, 10 through 17 years of age, will choose to continue school next month during the February vacation when they attend Boston University Sargent Camp in Peterborough, N.H.

However, instead of math, science, and social studies they will receive instruction in the kickturn, herringbone, traverse, Wedeln, and other ski techniques.

Operating as a science and conservation school, Mondays through Fridays, from September through May, Sargent Camp becomes a ski school and resort during winter weekends and winter vacations. This February will mark the 19th year that the Camp has sponsored a ski school during the week of Washington's birthday.

The camp will be divided into two sessions: for children 10 through 12, from Sun., Feb. 19 to Wednesday, Feb. 22; the second from Wed. Feb. 22 to Sun. Feb. 26 for boys and girls 13 through 17.

In addition to graded instruction in the American Ski System from beginner through expert, the campers will have opportunities for ice fishing, snow shoeing, skating, tobogganing, and astronomy. Skilled instruction mature counselors, and the Camp's resident nurse are responsible for sports activities, dormitory supervision, and health of the campers respectively. The program is conducted under the supervision of the resident director, E. Kenneth James, Boston University Sargent Camp, R.F.D. No. 2, Peterborough, N.H.

## Buses Permanent

The buses into Harvard sq., which have been stopping underground for quite some time now, will now take this route on a permanent basis, this paper learned in telephone conversation with Representative Gregory Khachadorian.

Khachadorian stated that he had learned of the order to have the buses sent underground at this point on a permanent basis from the Executive Secretary to the Commissioner of the Dept. of Public Works, Frank Hickey.

The Representative noted that this action had come about as the result of a hearing held last October.

The buses have been stopping underground rather than in the Square itself since January, 1965.

## Captain Sutton Wins Bronze Star

Army Captain John M. Sutton, Jr., son of Mr. and Mrs. John M. Sutton, 15 Pleasant View rd., Arlington, received the Bronze Star Medal for heroism in ceremonies at Camp Radcliffe in An Khe, Vietnam, Dec. 10.

The award was for his outstanding actions the night of Oct. 2-3 near the enemy-held

village of Hoe Hoi in Vietnam, when he was serving as fire support coordinator attached to the 1st Battalion of the 1st Cavalry Division's 12th Cavalry.

After nine hours of fighting on Oct. 2, the battalion had encircled the village and was holding its position until it could attack the village at dawn.

With enemy bullets cracking in his area, Capt. Sutton continually exposed himself to more effectively direct the firing along the battalion's thinly spread line. In all, he adjusted or coordinated about 1000 rounds, both explosive and illuminative in the area.

When his own position came under fire, he simultaneously adjusted artillery, naval guns and flare ships on his area to drive back the enemy. His well-adjusted artillery support repulsed every infiltration attempt made by the enemy force.

Captain Sutton, a fire support coordinator in the battalion, received his commission through the Reserve Officers' Training Corps program at Boston College, Chestnut Hill, where he received an A.B. degree in 1961.

His wife Annie and three children live in Burlington. She is a former resident of Malden.

## Candidate

Brian Studio

Mr. William O. Hauser, Jr., 29 Oxford Street, today announced his candidacy for the office of Assessor.

Mr. Hauser is a life-long resident of Arlington and is a home owner and taxpayer.

Candidate Hauser is the father of four children, three girls and a boy, and is a graduate of Arlington High school and Boston University, where he received a Bachelor of Science in Business Administration.

He is a five year veteran of World War II during which he was a Signal Corps Officer. Mr. Hauser is a licensed Real Estate Broker and is experienced as an owner of investment and residential property. In this function he has gained wide experience as manager and appraiser of various types of real estate. This is a natural outgrowth of years of family exposure to all facets of real estate appraising and financing.

Mr. Hauser stated that "a position on the Board of Assessors requires a man of mature judgment, a good sense of values and an ability to make proper decisions". He feels that his education, training and experience meet all of these criteria. At the present time Mr. Hauser is employed as Sales Manager for a Cambridge concern.

Although he does not feel that community activities alone qualify a candidate for this office, he has demonstrated his overall interest in all types of civic affairs by his participation as a Town Meeting Member for 13 years, Area Chairman for United Fund, Arlington Chairman (two years) for Cerebral Palsy, former AYA baseball coach.

He is also on the Board of Directors of the Boys' Club Associates, and a member of the Touchdown Club, American Legion Post 39, and the Arlington Lodge of Elks.

The Zonta business meeting was held at Winchester Country club on Jan. 12, with Florence Forsyth in the chair.

Refreshments were served with Mary Simons and Rita Anderson as hostesses. Reports were received from Mary V. Flatley, sec.; Marjorie Gardner, cor. sec.; and Katherine Hudson, treas.

A service in memory of Selma Anderson, a valued member whose recent sudden death shocked the community, was observed.

It was voted to invite other service clubs to join in celebrating the local club's birthday on Feb. 15, at the W.C.C. Business concluded, a round table panel heard questions and gave answers as to the origin and development of Zonta. On the panel were Rita Anderson, Isabelle Gratto, charter member, Muriel Kimball, vice-pres., Mary Simmons, M.C.

Members were reminded that Zonta started 30 years ago in Buffalo, N. Y. The idea of a classified club for professional and executive business women made an instant appeal.

In 1930, its growth had been such, including that in foreign countries, that the name was changed to Zonta International. There are clubs in Canada, Sweden, Denmark, Iceland, Switzerland and France.

Through the efforts of Zonta in Cambridge, of which Muriel Kimball was a former member, the local club was formed in 1931.

## An Open Letter

To Whom It May Concern: Late Fall 1966, saw the inception of the organizational drive of the Arlington Jaycees, a group of young men (ages 21 to 35) dedicated to community betterment, self improvement and a stimulus to community spirit. That organizational drive is now complete and we have taken the necessary steps for affiliation with the State, National and International organizations.

The success of this campaign would never have been possible without the gracious and civic minded assistance of the "Arlington Advocate" by its constant publication of press releases and articles, thereby giving us the maximum of public exposure, without the generous contributions of the Pleasant Street and Park Congregational Churches for their provision

of meeting facilities; without the assistance of the members of the Arlington Chamber of Commerce, who encouraged and promoted these efforts; without the interest and encouragement of the town officials; and, of course, without the citizens of Arlington who welcome the Jaycees and its cause.

To all of the above we give our sincere thanks and pledge our continuing efforts to the enhancement of any program which shall benefit the Town of Arlington and the welfare of its citizens.

To any young man between the ages of 21 and 35, we extend a cordial invitation to attend our next meeting on Tuesday evening, January 24th at 7:30 at the Park Avenue Congregational Church.

Sincerely  
The Arlington Jaycees

## Discuss Yellow Pages

New England Telephone general directory sales manager Robert P. Delmore, 2 Fayette st., center, discusses new Yellow Pages Directory with MBTA General Manager General Rush B. Lincoln, left, and Boston Postmaster Ephraim Martin. The new directory has many new features including an index of business listings, postal Zip Code maps and a detailed map of the Mass. Bay Transportation System rapid transit routes.

It's not on the best seller's list—but over 1.1 million copies of the 1967 Boston Yellow Pages will be delivered to Greater Boston area businesses and residents starting Jan. 12.

And there are several "firsts" in the 1200 pages of the new directory.

This year for the first time the Yellow Pages includes a 52-page index of major headings and cross references to make it easier for customers to find business listings and advertisers.

The index has a ready reference to about 200,000 telephone numbers associated with products and services listed by business classification.

Other innovations this year are:

One of the most complete lists of telephone numbers for all levels of government agencies and offices—this includes over 7,500 telephone numbers for city, county, state and federal offices.

## Red and Gray Jottings

by Ann Pidano and Jean Erlandson

As one of the main lines of student expression at Arlington High School, the Chronicle is bound to experience its share of criticism. At a recent Student Council forum, the controversial topic of censorship in school publications, the Chronicle in particular, was discussed.

Moderators were Mr. Hyett, advisor of the Chronicle, and John Walsh, president of the senior class, while Mr. Trevesani, Mr. Cunningham, A.H.S. faculty members, Dick Palomba, John Tolleson, Jan Brittan, Sue Borgnesani, Steve Arcanti, and Richard Chapin, all prominent seniors, composed the panel.

Avidly discussing their standpoints, the panel was completely divided, and there seemed to be two entirely different viewpoints. On one side were the advocates of free press and speech, while the opposing faction considered some amount of censorship and revision to the more subtle necessary. The chief result of the forum was the possible formation of a student editing board to review all items submitted to the paper.

Student Council is planning to sponsor such discussions once a month for the benefit of all students and teachers.

The Arlington Girls' Club has been sending twelve girls weekly to the Perkins Institute for the blind where they help the boys with their dancing lessons. January 20, there will be a party at the session. Any girl who has participated in the classes will be allowed to attend.

On January 17th Senior and Junior Girls' Clubs held a joint meeting with representatives from the John Robert Power's School of Modeling. Non-members were allowed to attend after paying a quarter admission and all the girls benefited from the good-grooming hints.

On January 9, the Arlington High Science club held a meeting, featuring Dr. George Brown, a noted lecturer.

Speaking of the identification of rocks by satellite photography of planet surfaces. Dr. Brown went into detail on how rocks on the surfaces of other planets could be identified by color filters with black and white film. Planning for the future, the club hopes to go to the Peabody Museum on January 20.

Unique is the word for the Allied Youth Auction—unique and fun. Auctioning off all sorts of conceivable articles, the auctioneer will be calling for the bids in the Old Hall on January twenty-sixth.

Items will be anything from promissory notes from teachers, allowing a few miserable days off from homework, being taken out to dinner by a teacher, to, of course, the few practical articles donated by the local stores.

The auction will be held in the afternoon, directly after school, and should prove entertaining for those attending it.

Starting off the new semester with a revival of vigorous action, Allied Youth is also beginning their mid-year membership drive. Costing a nominal seventy-five cents to join, this organization should prove beneficial to all those who wish to take the time and effort.

Not to be left behind in this mid-year flurry of excitement, the dramatic and musical organizations of A.H.S. are planning new shows and presentations for the benefit of all interested just recuperated from their last fantastic show, the Dramatic Club is already beginning a new series of plays for their own entertainment and for presentation later in the year.

Some parts have already been assigned, and there are still more characters to be given parts to. One play is "Under Milkwood" and is sure to be another success. Another club requiring at least some display of talent, is the Gilbert and Sullivan organization.

Having been relatively behind the scenes all year, G. and S. is now planning for their spring musical. For their play, "The Fortune Teller", the leads have not yet been given out, but the ones who get them are sure to do a good job. These productions with all their effort and hard work, should prove to be as good and as interesting as in previous years.

## Mgr., Selectmen Talk About New Ambulance

The matter of a town ambulance for Arlington was tabled by the Board of Selectmen Monday night, pending cost estimates to be brought in by Town Manager Donald R. Marquis.

Mr. Marquis had brought in a report on the matter, noting the cost of operating such an ambulance under the jurisdiction of the police department and then of the fire department.

He also brought in suggestions to utilize the present "police wagon" as an ambulance.

The Manager explained that after discussion with the Fire Chief and the Acting Police Chief the cost to operate such an ambulance, not including the initial cost would be \$82,560 and police—\$61,920.

Mr. Marquis also explained that there is no space for storage of such a vehicle at either the fire or police department.

He noted that the present "wagon" which is not an ambulance could be fitted with a stretcher with straps, stair chair and portable oxygen tank.

Also discussed was the possibility of acquiring a radar unit for the Arlington police, small oxygen tanks for four cruisers, two walkie-talkie radios, four first aid kits and four fire extinguishers.

The Manager is to discuss the matter again with the heads of the departments involved.
